

# Honden en Katten - Risicokaart van Europa: door parasieten overdraagbare ziekten

## Risicolanden

### Landspecifieke risico's van ziekten zoals gerapporteerd\*.

<p><b>Albania</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Hepatozoonosis Leishmaniosis Rickettsiosis Subcutaneous Dirofilariosis</p>	<p><b>Cyprus</b> Babesiosis Ehrlichiosis Heartworm Disease Leishmaniosis</p>	<p><b>sc. Dirofilariosis</b> Tick-borne encephalitis</p>	<p><b>Norway</b> Anaplasmosis Lyme Borreliosis Tick-borne encephalitis</p>	<p><b>Slovenia</b> Anaplasmosis Babesiosis Heartworm Disease Lyme Borreliosis Tick-borne encephalitis</p>
<p><b>Austria</b> Anaplasmosis Babesiosis Lyme Borreliosis Tick-borne encephalitis</p>	<p><b>Czech Republic</b> Anaplasmosis Lyme Borreliosis Heartworm Disease sc. Dirofilariosis Tick-borne encephalitis</p>	<p><b>Hungary</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Leishmaniosis Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>	<p><b>Poland</b> Anaplasmosis Babesiosis Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>	<p><b>Spain</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Hepatozoonosis Leishmaniosis Lyme Borreliosis sc. Dirofilariosis</p>
<p><b>Belarus</b> Anaplasmosis Babesiosis Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>	<p><b>Denmark</b> Anaplasmosis Lyme Borreliosis Tick-borne encephalitis</p>	<p><b>Ireland</b> Anaplasmosis Lyme Borreliosis</p>	<p><b>Portugal</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Hepatozoonosis Leishmaniosis Lyme Borreliosis</p>	<p><b>Sweden</b> Anaplasmosis Lyme Borreliosis Tick-borne encephalitis</p>
<p><b>Belgium</b> Anaplasmosis Babesiosis Lyme Borreliosis</p>	<p><b>Estonia</b> Anaplasmosis Lyme Borreliosis Tick-borne encephalitis</p>	<p><b>Italy</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Hepatozoonosis Leishmaniosis Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>	<p><b>Romania</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Hepatozoonosis Leishmaniosis Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>	<p><b>Switzerland</b> Anaplasmosis Babesiosis Leishmaniosis Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>
<p><b>Bosnia and Herzegovina</b> Anaplasmosis Babesiosis Ehrlichiosis Hepatozoonosis Leishmaniosis Lyme Borreliosis sc. Dirofilariosis Thelaziosis Tick-borne encephalitis</p>	<p><b>France</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Hepatozoonosis Leishmaniosis Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>	<p><b>Lithuania</b> Anaplasmosis Lyme Borreliosis Tick-borne encephalitis</p>	<p><b>Russia (West up to Ural)</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Hepatozoonosis Leishmaniosis Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>	<p><b>Turkey</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Hepatozoonosis Leishmaniosis Lyme Borreliosis Tick-borne encephalitis</p>
<p><b>Bulgaria</b> Anaplasmosis Ehrlichiosis Heartworm Disease Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>	<p><b>Georgia</b> Leishmaniosis</p>	<p><b>Latvia</b> Anaplasmosis Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>	<p><b>Ukraine</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Hepatozoonosis Leishmaniosis Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>	<p><b>UK</b> Anaplasmosis Lyme Borreliosis</p>
<p><b>Crete</b> Ehrlichiosis Heartworm Disease Leishmaniosis</p>	<p><b>Germany</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>	<p><b>Malta</b> Leishmaniosis</p>	<p><b>Slovakia</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>	<p><b>Ukraine</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Hepatozoonosis Leishmaniosis Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>
<p><b>Croatia</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Leishmaniosis</p>	<p><b>Greece</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Hepatozoonosis Leishmaniosis</p>	<p><b>Moldova</b> Anaplasmosis Lyme Borreliosis</p>	<p><b>Slovenia</b> Anaplasmosis Babesiosis Ehrlichiosis Heartworm Disease Lyme Borreliosis sc. Dirofilariosis Tick-borne encephalitis</p>	<p><b>UK</b> Anaplasmosis Lyme Borreliosis</p>

\*Reference: Data summarized from publications in peer-reviewed journals.

**Risicoschaal**

- Geen risico**
- Klein risico** (1-2 endemische ziekten)
- Gematigd risico** (3-4 endemische ziekten)
- Verhoogd risico** (5-7 endemische ziekten)

**Vectoren en ziekten**

- Zandvlieg** Leishmaniosis
- Mug** Dirofilariosis (hartworm)  
Subcutane dirofilariosis
- Teek** Anaplasmosis / Babesiosis / Ehrlichiosis  
Lyme Borreliosis
- Slak** Angiostrongylus vasorum
- Vlo** Wordt niet getoond op de kaart.  
Algemene verspreiding, vector van verschillende ziekten. Is niet opgenomen in de beoordeling van de risicoschaal.

Deze kaart bevat een samenvatting van de op dit moment gepubliceerde wetenschappelijke informatie. Bayer HealthCare Animal Health Division aanvaardt geen aansprakelijkheid voor schade (in welke vorm dan ook) die zou kunnen ontstaan wanneer de weergegeven informatie onjuist, onvolledig en/of ontoereikend is. In een land kan het risico op ziekte(s) variëren.
